A Lock Box for one day members has been installed on the wall inside the club house near the bathrooms and phone. The one day membership forms will also be located there for your convenience.

The **Arena Sprinkler** system has been repaired and a timer installed. The timer is set to come on at 7AM for 20 minutes on each side of the arena. Instructions on how to use the watering system have been posted by the water tank .

A New Lock will be installed on the gate located on the NE corner of the SRI property. The combination will not be available due to the gate being left open.

Arena surfacing is presently on hold. SRI is negotiating with a local contractor and will announce the date work will commence.
