Committees:

With the move to Red Tier (see update), events are likely to happen but we NEED HELP! Please message or email Janet (meacham@mcn.org) or Cheryl (chenoyefb@msn.com). Many hands make light work and a few people cannot run the club alone. There are jobs for every skill!

Newsletter Feedback:

Like what you see? Don't? Either way, I want to hear from you to improve the information going out! Please send feedback to Kelly @ kmbped@aol.com or call/ text 916-761-2694 or facebook messenger.

Member Spotlight: Katie Roach

(Thanks for being the first spotlight!)

Hey guys, some of you may know me but if not my name is Katie Roach and I have been a Shoreline Riders member for as long as I can remember. I am a part of the California High School Rodeo Association and I compete in barrel racing. I travel all over from Corning, CA to Guthrie, Oklahoma. My past few years of high school rodeo I have won numerous rodeos and qualified for the CHSRA state finals multiple times. This past July I qualified for Nationals and I got to travel to Guthrie, Oklahoma to compete against the whole nation with the best of the best. This year in my ongoing season right now I have won a bunch of competitions and just this last weekend I ran a record time for that pattern by three tenths of a second, (which is a lot in barrel racing). All of my successes I owe to my two horses Willie and Tex.

Western / English Dressage Competition Clinic Possibility:

Janette Jacobi, a new member to SRI, is interested in holding a competition clinic for the club.

From Janette:

In a nut shell here is how it works. There are several tests that are already prewritten for each level(see attached example & link). [WDAA Tests - Valid From 2017 Until Further Notice ★ Western Dressage Association of America.](#)

The tests get more difficult as riders move up the levels. In this Clinic each rider gets a time slot. The riders get to ride their level of choice, they get some coaching from the judge after riding the test and afterwards they get to ride the test once more.

For more information, please call Janette at 650-224-1922

PLEASE CALL ASAP so we can get the ball rolling!
This is a GREAT opportunity!!

NEWS FLASH!

The arena will be getting additional footing to deepen the bed and make it better for all around events! Thank you board for making this move!

COVID & Facilities Update:

Mendocino County has now reached the **Red Tier** for the Safer Economy Blueprint. With that transition, the board has decided to lesson some of the things the county had asked us to restrict. MEMBERS may now use equipment and the bathrooms. Please still keep safety in mind and sanitize before and after moving equipment and keep common areas clean... let's keep moving towards a clean and safe "normal"!

Thank you all for keeping the grounds safe during 2020!

Homemade Equine Treats

Ingredients

- 1 large Carrot
- 1 large Apple
- 1 cup Molasses
- 2 1/2 cups old fashioned Oats
- 2 Tablespoons Oil

★★★★★
5 from 1 vote

Instructions

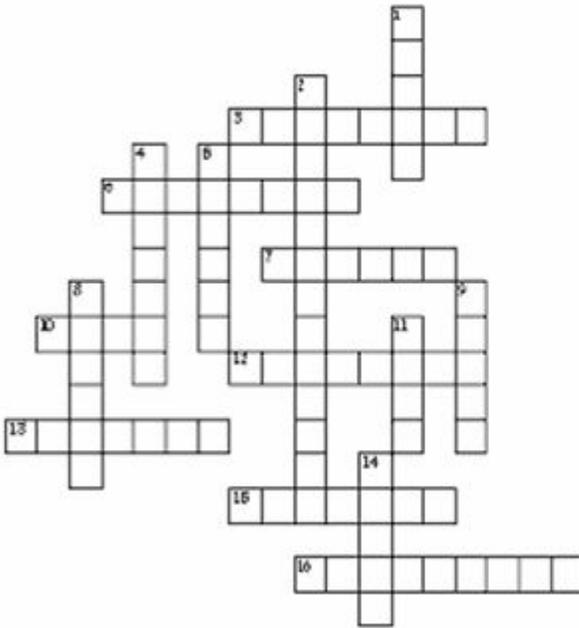

1. Shred the carrot and the apple into a large bowl.
2. Add in the oil, oats, and molasses. Stir to combine well so that all the oats are covered in the molasses.
3. Pour the mixture into a greased 9x13 baking dish. Pat the treats down with a spoon or with your fingers so they are flattened into the pan.
4. Bake at 400 degrees for about 40 minutes or until they begin to get crispy.
5. Remove the treats from the oven and let them cool for a while. The treats will harden slightly as they cool. Once they are hardened you can score into pieces.

Horse Trivia!

Can horses have hiccups?

TRUE. Horses can get the hiccups, also known as "thumps." Whereas human hiccups are audible through the throat, hiccups in horses begin near the diaphragm and create an audible thump sound in the chest area, sometimes accompanied by a rhythmic jerk in the flank area.
